

DELIVERY SPECIFICATIONS ARTWORK

LOGO FILES:

Files must be delivered in Adobe Illustrator (convert to outlines/vectorize) and must include the PMS colour numbers used. Please do not send .qxd, .idd, .fh, .cdr, .jpg, .tiff, .bmp, .png or other related files as these cannot be used.

FULL COLOUR BLOW UPS:

Please supply files as PDF in the final size with a minimum resolution of 72 dpi and include the used PMS colour numbers. Please do not send .qxd, .idd, .fh, .cdr, .jpg, .tiff, .bmp, .png or other related files as these cannot be used. Do not include print marks such as registration marks or crop marks in the document. Please allow for a 10 mm bleed on all sides of your document. This 10 mm bleed will be trimmed off during the production process. Please note: Full colour blow ups on fabric allow for a 100 mm bleed on all sides of your document. In case you orderd a graphic on Visual Frame allow for a 50 mm bleed on all sides of your document.

Please upload your Artwork at <https://fairboost.wetransfer.com> and email to webshop@fairboost.nl
